

THIS YEAR on November 16 was an unusual one for W. C. (Ted) Russell. It was the first opening day of the deer hunting season in many years he was not out on a deer stand by daylight, he averts.

"And it was mighty hard to make the decision not to go out Monday, Ted was telling some friends Tuesday.

"I don't know what it was, but before daylight Monday morning I was awake and thinking about some big buck walking out in front of me, poised with gun in hand, and the killer instinct. I just lay there in bed recalling the many hunts I've been on all through the years—some good and some not so successful.

"But Monday morning, with its 15-degree weather, that warm bed felt to me like it had a lot of compensations!"

J. E. PATTERSON, income tax consultant, real estate agent, hospital association secretary, et cetera, et cetera, will be gunning for several fellows in town when he returns within a few days from a visit with a son and his family in Pennsylvania.

Pat, who made the mistake of leaving his address with a friend in town, last week-end was sent a lengthy collect telegram congratulating him on his birthday or something-or-other.

We wouldn't tell which guys had their names to the telegram, but their initials were Ed Crean, Donley Williams, Curtis Dodd, J. C. Turner, Wesley Nail, Claude Lancaster, L. C. Howard and Orville Roland.

And, knowing Pat as they do, every one of these guys now is afraid of what Pat may do for them. One of the bunch has instructed his help not to accept any collect telegrams!

SHORT SQUIBS picked up here and there by this columnist which deserve wider readership include . . .

A psychiatrist is a man who does not have to worry—as long as others do.

It's extremely difficult to argue with a person who makes up statistics as he goes along.

You're not so young if you can remember when women put food into cans instead of taking it out.

Man has made great strides in the transportation field, but no transportation will ever be more popular than a ride on the gravy train.

Moscow has developed a machine to destroy fatigue and enable people to get along with two hours of sleep out of 24. Why anyone in Russia would want to stay awake that long isn't explained.

Any shrewd propagandist knows that a half truth is far more effective than a score of outright lies.

Always agree with a man who wants to argue. This will make him happy and save you a lot of time.

THESE WISE SAYINGS were picked up from a little house organ coming to our desk from a wholesale supplier:

After all, nature works sensibly, for the fatter you get, the farther you must sit from the table.

When you begin to notice what a good time the young folks are having, then you are getting old.

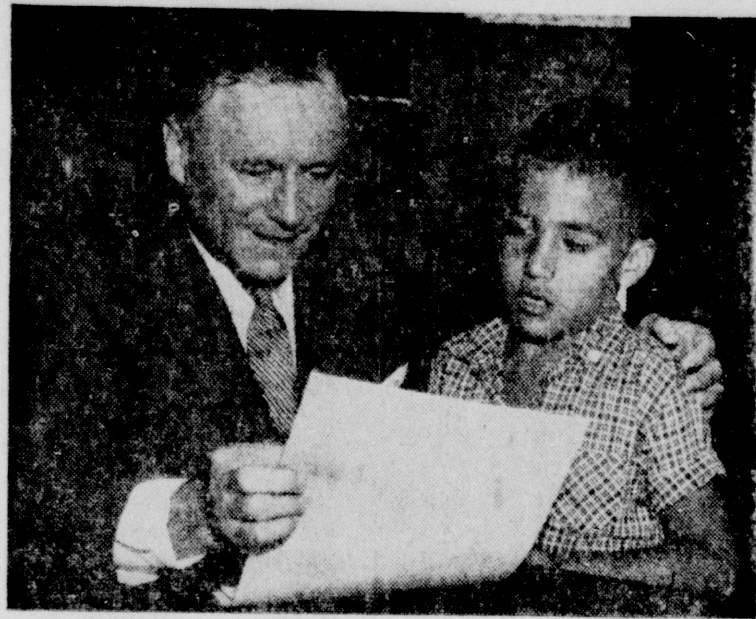

No fisherman who tells the truth about his catches can make his story very interesting.

If a man could have half his wishes, he would usually double his troubles.

Worry never kept anyone out of a tight place.

The Country Parson

"The holes in our socks don't seem so bad until we get home and take off our socks—and neither do our children."

A BOY AND A GOVERNOR—Governor Price Daniel proclaimed Christmas Seal Days in Texas as he visited with a small recovered tuberculosis patient, Leonard Alcala of Austin. Said Governor Daniel in his proclamation, "For hundreds of years man has battled against disease. For more than 50 years his battle against tuberculosis has been hard and rewarding. Today tuberculosis as a killer is being curtailed in this country by modern drugs and improved patient care and rehabilitation facilities. But tuberculosis as a communicable, widely prevalent, expensive and long lasting illness is still to be reckoned with." The campaign for Christmas Seals is underway in Jones County.

Gold Star Awards Go to Two 4-Hers

Gold Star awards were presented to Sandra Garrett and Stephen Haterius for their outstanding work in 4-H Club work as the climax of the Jones County second annual 4-H Club achievement awards banquet Saturday night at the Anson High School cafeteria.

Following the invocation by Merick Harvey, adult leader of Leuders, musical selections were presented by Larry Grimm of the Jones County Junior Leaders 4-H Club and Barbara and Marvarine Shuquist of the Avoca 4-H Club. Opening ceremony was given by L. C. Middleton of the Anson 4-H Club.

Welcome address was offered by Phyllis Roberts of the Anson 4-H Club. Response was given by Mrs. Cliff Garrett, Leuders 4-H Club adult leader.

After introduction by parents by 4-H Club members, guests were introduced by Kirby Clayton, county agent.

Presentation of girls' awards were made by Mrs. Howard Roberts, Anson 4-H adult leader. Birger Haterius, Ericksdahl 4-H Club adult leader, presented the boys' awards. Presentation of Gold Star awards to Sandra Garrett of Leuders and Stephen Haterius of Ericksdahl were made by County Home Demonstration

Agent Mary Y. Newberry and County Agent Kirby Clayton.

Representative Leon Thurman of Anson was the principal speaker of the evening. He was presented by Mary Newberry. Closing remarks were made by Lester Dalton, Jones County Junior Leaders 4-H Club.

Awards were presented to the following:

Achievement Awards—David Lungren of Ericksdahl, Stephen Haterius of Ericksdahl, Mimi Sue Olson of Ericksdahl and Julia Robb of Hamlin.

Boys' Agricultural Awards—Scottie Fleming of Anson, James Whitte of Leuders, Terry Touchstone of Noodle and Gary Muehlstein of Ericksdahl.

Clothing Awards—Diane Morrow of Hawley, Mary Smith of Hawley, Gayle Bagley of Hawley, Linda Rister of Hawley and Judy Rister of Hawley.

Dairy Award—Bruce Ford of Leuders.

Dairy Foods Demonstration—Sandra Garrett of Leuders and Barbara Shuquist of Avoca.

Dress Revue Awards—Madelon Hunt of Anson and Geneva Lou Green of Anson.

Electric Awards—Larry Grimm of Jones County Junior Leaders 4-H Club and L. C. Middleton of

Area People Invited to Participate in Achievement Celebration at Abilene

The "downtown" problem is instantly understood in Fort Worth, Waco, El Paso, Dallas—in fact, any Texas town which is progressive and growing. And if that sounds like a paradox, there's a reason.

While many Texas towns are growing like beautiful white mushrooms, a lot of them have a downtown area like a toadstool.

Abilene was a city with a "downtown problem." What the people of Abilene did to solve their problem was an undertaking of imagination and courage.

A celebration and guided tour for civic leaders of other cities interested in studying what Abilene did and in solving their own

"downtown problem" is scheduled for Thursday, Friday and Saturday. Hamlin city officials, civic leaders and others have been extended special invitations to participate in the affair.

Abilene was growing so fast that the downtown section just didn't fit with the city.

Streets were old and crooked, model T cabs 10 to 15 inches high blocked car doors, scraped chrome and paint from fenders, and made parking difficult. The streets had been built without storm sewers and drainage was poor.

No tax money had been spent on downtown Abilene in years, and the hub was not keeping up with the rest of the city.

So the people of the West Texas city called in Texas Bithulitic Company of Dallas, handed them a check for \$1,309,596 and said: "Fix the streets, curbs, sidewalks and storm sewers."

A new parking system also was planned.

And now that the earth moving equipment has pulled out from the metropolitan sector, now that gleaming white concrete streets are flanked with modernistic glistening black sidewalks with low curbs, there's going to be a West Texas state celebration.

A parade led by Governor Price Daniel will kick off three days of celebration with big name va-

See CELEBRATION—Page 7

One Completion, Wildcat Highlight Area Oil Activity

One completion, one near completion and one wildcat staking highlight the oil activity in the Hamlin territory of the past several days.

B. A. Duffy of Abilene No 3-A W. C. Matchett was completed in the Hamlin North (Swastika) Field, five miles northeast of Hamlin. Location is in Section 177, Block 1, B. B. B. & C. Railway Company Survey. Daily potential was 108.48 barrels of 40.4-gravity oil, flowing through a 16-64 inch choke with packer on casing and 160 pounds of tubing pressure. Flow was from 20 perforations at 3,569-74 feet. Casing was set at 3,582 feet and hole was bottomed at 3,584 feet. Gas-oil ratio was 305 to one.

Pure Oil Company, operating from Abilene, was drilling ahead below 6,300 feet in No. 1 W. C. Matchett, wildcat two miles southwest of Hamlin. The project topped the Caddo strata at 6,135 feet. Destination is 6,500 feet. There have been no shows, reports from the well indicate. The wildcat is in Austin & Williams League 355.

Bolin Oil Company of Wichita Falls staked its No. 1 Frank Steele as a 4,700-foot project with rotary equipment three and one-half miles northeast of Royston in the Round Top (Canyon) Field west of Hamlin. Location spots 660 feet from the north and 2,600 feet from the east lines of Section 72, Block 1, H. & T. B. Railway Company Survey.

Total Sunday School Attendance Declines At Hamlin Churches

Although two of the larger churches showed gains in Sunday School attendance Sunday, the 1,266 total of the 12 reporting churches was 107 less than the total for the previous week. The November 15 total also was 11 more than the year ago figure.

Attendance, by churches, for November 15, November 8 and a year ago follows:

Churches—	Nov. 15	Nov. 8	Year Ago
First Methodist.....	266	233	210
Foursquare Gospel.....	52	56	64
Church of Christ.....	138	243	151
Ch. of Nazarene.....	70	71	107
Sunset Baptist.....	25	41	50
Assembly of God.....	52	31	41
First Baptist.....	396	381	363
Mexican Baptist.....	52	58	37
Calvary Baptist.....	48	62	49
No. Cen. Baptist.....	78	99	68
Oak Gr. Col. Baptist.....	33	48	48
Faith Methodist.....	47	50	67
Totals.....	1266	1373	1255

Cotton Ginnings at Hamlin Exceed 7,800

Ginnings of the 1959 cotton crop at the Hamlin and Neinda gins hit 7,839 through Tuesday night, according to a check-up by The Herald Wednesday morning. Hamlin Cooperative Gin had processed 4,762 bales, and Farmers Cooperative Gin at Neinda has turned out 3,077 bales.

Ginners and others estimated that the area cotton crop was close to 75 per cent gathered.

Hamlin People Go to Anson Open Houses

Numbers of Hamlin area residents were in Anson Sunday to attend formal dedication and opening of the First Baptist Church and the First National Bank.

The church, recently completed at a cost of \$80,000, seats more than 800 in the sanctuary. Educational units were completed two years ago.

The new bank building, south-east of the square, is among several new buildings erected in the county seat recently.

Entered at Post Office at Hamlin, Texas, for transmission through the mails as Second Class matter according to an Act of Congress on March 3, 1879.
Any erroneous reflection upon the character of any person or firm appearing in these columns will be correctly, gladly and promptly, upon its being brought to the attention of the management.

WHICH WAY ARE OUR TAXES GOING FROM HERE?

More and more people of the Hamlin region and elsewhere all over the United States are asking the question: Which way are taxes going?

That can be answered in one word—up—as a revealing article in U. S. News & World Report makes abundantly clear.

Specifically, the magazine says, the typical taxpayer will pay at least 10 per cent more this year than last. In part, that is because average American family income is higher, and so the tax bite goes deeper. But, in addition, tax rates are still rising on all the governmental levels—federal, state and local.

One current example is the federal gasoline tax. It has been raised by a cent, from three to four cents a gallon. That may not seem like very much—but it will take \$577,000,000 a year more out of our pockets. And the federal social security tax, borne by both employees and employers, will rise another notch next January 1.

In sum, as the magazine puts it, "The fact is that the tax load in this country, already at an all-time high, is shooting up at a record rate for peace-time." Then it presents a new study of our tax burdens, based on official data.

The state Legislatures have been increasing taxes—on gasoline, cigarettes, income, etc., on an unprecedented scale. Communities and

counties have pretty well followed suit, by raising property tax rates or assessments, and by increasing their take in other ways. So, U. S. News finds, the nation's total tax bill for the current fiscal year will come to the incredible sum of \$113,000,000,000—not counting another \$13,300,000 of social security taxes.

The magazine also finds that the tax increase is outrunning the population increase, which simply means that per capita taxes are higher. So the average taxpayer will find that his total bill is about \$63.01 higher this year than last.

And that doesn't tell the whole story—not by a long shot. "In the year that starts next July 1 another sharp increase in tax collections is a certainty if the economy continues to grow." For example, should the national income increase by five per cent—a modest expectation—in the coming year, the tax load will shoot up to \$118,000,000,000.

Even under these conditions the federal government isn't yet able to make both ends meet. Due to the high level of business activity, says U. S. News, federal income is expected to substantially exceed \$77,000,000,000 estimate of last January. But spending has exceeded estimates by a still larger margin. Hence: "A deficit of perhaps half a billion dollars for the treasury, where a small surplus had been foreseen."

Enjoy Best Things

John, an ambitious youth, one day stood viewing the mountain range. Turning to his father, he asked: "Who owns the mountains?" His father began to name some of the owners.

"Well," said John, "I don't see what difference that makes. Everyone can look at them."

And John was right. The beauties of nature, mountains and valleys, forests, rivers, lakes, parks and pleasure grounds, the songs of birds and the happiness of springtime belong to anyone who enjoys them.

We have the greatest pleasure in watching a game that we can understand—a good baseball or a basketball game! We enjoy such games because from our own experience we know the joy of a good base hit, or the sorrow of a fumbled ball; we know the excitement of waiting for a free throw, or the joy of a ball that just rolls in the basket.

For somewhat similar reason music lovers attend the opera, nature lovers seek mountains and parks, book lovers haunt libraries, adventure lovers explore arctic regions and deserts. We all enjoy what we are fitted to enjoy. An important part of life is training ourselves "to own the mountain."

Nuggets of Thought

An object in possession seldom retains the same charms which it had when it was longed for.—Pliny the Younger.

One thorn of experience is worth a whole wilderness of warning.—Lowell.

Meditation is the tongue of the soul and the language of our spirit, and our wandering thought in prayer are but the neglects of meditation and recessions from that duty, and, according as we neglect meditation, so are our prayers imperfect, meditation being the soul of prayer and the intention of our spirit.—Jeremy Taylor.

Many men owe the grandeur of their lives to their tremendous difficulties.—Spurgeon.

Let reverence for the law be breathed in every mother to the lisping babe that prattles on her lap; let it be taught in schools, seminaries and colleges; let it be written in primers, spelling books and almanacs; let it be preached from the pulpits and proclaimed in legislative halls and enforced in courts of justice.—Abraham Lincoln.

Every man's life is a story tale written by

The Heritage Worthwhile

An impressive story was recently told by a man whose form is now bent, and whose hair is white with years. When he was a boy of 12 he was returning one evening from the hay field on his father's farm. He had been at work since daybreak when his father met him with a request that he go to town to do an errand. Anyone who has lived on a farm knows what a day's work "from sun-up to sun-down" means in haying time, will understand how the boy felt.

"I was tired, dirty and hungry," said the old man. "It was two miles to town. I wanted to get my supper, and to dress for the singing class. My first impulse was to refuse, and to do it harshly, for I was angry that my father should ask me to go after my long day's work. But I knew that if I did refuse, he would go himself."

"Of course, father, I'll go," I said heartily, giving my scythe to one of the men.

"Thank you, Jim," my father replied. "I was going myself, but somehow I don't feel very strong today."

"He walked with me to the road that turned off to town, and as he left me, he put his hand on my arm and said again, 'Thank you, my son, you've always been a good boy to me, Jim.'"

"I hurried into town and back again. When I came near the house, I saw that something unusual had happened. All the farm hands were gathered about the door instead of doing the chores. I went nearer, when one of the men turned with tears rolling down his face."

"Your father," he said, "is dead. He fell just as he reached the house. His last words he spoke to you."

"I am an old man now, but I thanked God over and over again in all the years that have passed since that hour for those last words of my father—'You've always been a good boy to me.'"

Big Contributions

Plan your every deed with the thought of giving as much joy to others as you can. 'Tis only a small contribution, but big are the results.

You are doing a wonderful job every time you contribute to another's enjoyment and happiness.

RECALLING Other Years

★ Being news items taken from old files of Your Home Town Newspaper, The Herald.

THIRTY YEARS AGO.

From the files of The Hamlin Herald dated November 15, 1929, the following bits of news of the Hamlin community 30 years ago are reproduced:

Mrs. B. L. Lacy delightfully entertained members of the Blue Bird Club and invited guests at her apartment on Union Avenue Tuesday afternoon. Attendants were Mmes. Bob Low, Frank Johnson, P. A. Fowler, J. T. Bynum Jr., W. T. Cherry, G. H. Tumlin, C. C. Prater, Claude Gray, A. E. Pardue, V. H. Montgomery, Elmer Feagan and Dick Moore.

Mr. and Mrs. W. G. Cunningham, who have here with the Cranfield-Reynolds Company, this week were transferred to Brownwood.

Mrs. Martin McCain returned home Thursday from the Stamford Sanitarium, where she underwent major surgery.

Rev. Ben Hardy, pastor of the First Methodist Church the past year, left Tuesday for the Northwest Texas Methodist Conference at Tampa.

TWENTY YEARS AGO.

Among news of goings-on in the Hamlin community 20 years ago were the following, reprinted from The Hamlin Herald dated November 24, 1939:

Mmes. H. O. Castle, Tom Teague, R. E. Johnson, Earl Smith, Travis Dean and Arlie Castle attended the meeting of Texas Federated Club Women at Wichita Falls Tuesday.

Mrs. O. L. Taulman and little son, Otis Lloyd Jr., of Lubbock were here Saturday and Sunday visiting her parents, Mr. and Mrs. W. M. Green.

Mr. and Mrs. Elva Hines are happy over the arrival of a 9½-pound girl, who has been named Annie Joyce.

Lucille Newsom, student in McMurry College at Abilene, spent the week-end with her parents, Mr. and Mrs. W. E. Newsom.

Mr. and Mrs. W. A. Albritton left Sunday for Port Arthur to spend the week with their daughter, Mrs. O. D. Roland, and family.

TEN YEARS AGO.

Bits of news about happenings in the Hamlin community 10 years ago include the following, dated November 18, 1949:

Hamlin's amazing Pied Piper football team lost its chance at the District 6-A title Friday as they went down 7 to 0 before a strong Rotan Yellowhammer grid crew.

Publication of a city directory for Hamlin will be made within a few weeks, it was announced Tuesday by a crew that came here to assemble information. An Amarillo firm will produce the book, the first one of its kind to be printed for Hamlin.

Gertie, 300-pound chimpanzee playing with the T. J. Tidwell Shows in Hamlin first of the week, unlocked her chain and created considerable excitement in north part of town as she roamed for more than an hour before being cornered by her keepers.

FIVE YEARS AGO.

News briefs about events in the Hamlin community of five years ago, taken from The Hamlin Herald dated November 19, 1954, include:

New pastor of Calvary Baptist Church is W. R. Rea, who comes from Jacksonville, where he recently received a bachelor of philosophy degree.

Best rains since mid-May, totaling 1.42 inches, fell in the Hamlin region first of the week. The rainfall brought the year's total to 12.53 inches.

Engineering firm of Freese & Nichols of Fort Worth has been employed by the water development committee of the Chamber of Commerce to make surveys on feasibility of a water project on the Double Mountain Fork of the Brazos River north of Hamlin.

ONE YEAR AGO.

Among items of interest in the community one year ago were the following, condensed from The Hamlin Herald dated November 20, 1958:

Arlie Castle, Bill Foster, Bill Harbert, Rev. Calvin Bailey, Bob Riddell and Fred Smith were this week announced as new directors for the Board of Community Development in mail balloting.

Heavy frost Sunday primed cotton in the area for a quick harvest of remaining fleece in the fields of the area.

Congressman Omar Burleson is to speak at a joint meeting of Hamlin Rotary and Lions Clubs next Wednesday.

Motorists Urged to Follow Practical Preventive Rules for Winter Driving

Motorists of Texas will do well to gird themselves now for another "cold war" in the months ahead, J. O. Musick, general manager of the Texas Safety Association, declared this week in a release to The Herald.

"The annual battle of drivers against the elements is underway," Musick warned. "And the victors will be those car owners who are smart enough to be prepared and skillful enough in their driving to outwit Old Man Winter."

The safety expert urged motorists to "make sure now—before the frantic rush—that your vehicle is prepared for the severe tests which cold weather, snow and ice can create overnight. Have your car serviced by a reliable expert, so you can really depend on it when the going gets tough."

He emphasized that "preventive maintenance pays off handsomely in any season, but particularly during the winter months."

Musick added, "You'll need anti-freeze eventually; why not install it now? Your battery will receive additional strain because of heater, defroster, wipers and increased use of lights; check now to make certain your battery has the power you'll need."

"You'll want to be warm; make sure your heater will perform. You'll want to see clearly in rain, sleet and snow. Therefore, check windshield wiper arms for adequate pressure to remove these dangerous obscurities. You'll want to stop safely. Therefore, adjust brakes and make sure your tires have good treads. Always carry a set of reinforced tire chains in the trunk, ready for use

when needed, for the most reliable stop-and-go traction during severe snow or ice conditions."

"An engine tune-up to prevent stalling; neglect of any of the foregoing items will lead to regret," Musick cautioned.

"With your car in shape and properly equipped, the battle of winter is half won," he concluded. "The rest of the battle will depend largely on careful attitudes and skill in driving under the variety of weather and road conditions which will prevail during the coming cold season."

Fat Stock Show Sends Out Premium Lists to Over 8,000 Exhibitors

The 1960 livestock premium list for the Southwestern Exposition and Fat Stock Show at Fort Worth has been printed and is being distributed to some 8,000 prospective exhibitors, according to W. R. Watt, president-manager.

Dates for the stock show and rodeo are January 29 through February 7. Watt stated that premiums for the 1960 exposition and rodeo are up to approximately \$200,000. Closing dates for various entries are: Cattle, sheep and swine, December 15; horses, January 1; poultry, rabbits and pigeons, January 10.

Major changes as listed in the new premium list include the addition of a carlot feeder steer division and a division for Appaloosa horses.

INTERESTING SIGHT.

"Would you like to see a model home?"
"Sure. What time does she quit work?"

Louis T. Wells, 62, Dies Saturday at Stamford Hospital

Funeral services for Louis Thomas Wells, 62-year-old section foreman for the Missouri, Kansas & Texas Railway at Stamford, and resident of this section for many years, were conducted Monday afternoon.

Wells, brother of two Hamlin residents, died Saturday afternoon at Stamford Sanitarium. He died shortly after admittance to the hospital following a heart attack. A number of Hamlin area people attended the rites.

Born in East Texas, he was married in 1922 to Annie Wenetschlatter at Stamford.

He had lived at Stamford since 1922, going there from Sylvester, southwest of Hamlin.

Survivors include his wife; three sons, Billy Wells of Florida, Cecil Wells of California and Raymond Wells of Spur; two brothers, G. E. Wells of Hamlin and Bud Wells of Dimmitt; five sisters, Mrs. Carrie Reston of Stamford, Mrs. Johnny Lofland of Hamlin, Mrs. Jesse Thomas of Dimmitt, Mrs. Hattie Verner of Waco and Mrs. Nettie Verner of Dallas.

Freight Carloadings For Santa Fe Decline

Freight carloadings for the Santa Fe Railway System for the week ending November 7, 1959, were 26,417 compared with 29,387 for the same week a year ago, reflecting a decided decline. Cars received from connections totaled 12,052 compared with 12,935 for the same week a year ago.

Total cars moved were 38,469 compared with 42,322 for the same week a year ago. Santa Fe handled a total of 41,323 cars in the preceding week this year.

Top Leaders in Democratic Party Join Campaign to Abolish Texas Poll Tax

Voters of the Hamlin territory and elsewhere in Texas are concerned now that five top leaders of the Democratic party in Texas have buried their differences in an effort to see abolition of the poll tax as a requirement for voting in Texas. They are Senators Lyndon Johnson and Ralph Yarborough, Speaker of the House Sam Rayburn, Democratic National Committee Members Mrs. R. D. Randolph and Byron Skelton, all serving as co-sponsors of the drive.

The poll tax, a requirement for voting since 1902, is thus under the heaviest attack in its history. The Democratic wheel horses, frequently at odds on other issues, constitute a formidable coalition against the poll tax. Texas is one of only five states still clinging to what is regarded by many as an infringement on voters' rights.

Walter G. Hill, Dickinson banker, Democrats of Texas Clubs member, and long-time supporter of both Senators Yarborough and Johnson, heads up the drive as state organizer. The two U. S. senators and Rayburn plus Mrs. Randolph and Skelton, are state co-sponsors. Hall's working committee is composed of Mrs. Jean Lee and Fagan Dickson of Austin and Richard Seinfeld of Houston.

The method the committee and its sponsors are using to achieve abolition is the time honored petition method. Texas law states that if 10 per cent of the voters

in the last preceding party primary sign petitions in favor of specific legislation, the issue must then be placed on that party's next primary ballot for a referendum. If the issue carries in the primary election, it is then mandatory that the party make the issue a part of its platform in the coming general election. Since Texas is a one-party (Democratic) state, such a mandate would indicate almost certain passage of the abolition measure in the state Legislature. Such legislation would have to be in the form of a constitutional amendment to be voted on by all the people of the state.

Impetus for the petition drive came primarily from liberal groups and Yarborough backers, but also members of the "moderate" faction have expressed opposition to the poll tax. Senator Johnson, for example, supports proposed federal legislation to render the poll tax illegal, and he and Speaker Rayburn supported an effort in 1949 to abolish the poll tax by constitutional amendment. Senator Yarborough has stated that "Experience in states which have recently abolished the poll tax shows that thousands of additional citizens voted when they no longer had to pay this uneven burden to participate in selection of their elective officials."

The 1949 effort to abolish the poll tax came in an off-year and was narrowly defeated. Ironically, many Texans lost the opportunity to vote against the poll

by McFeatters

"You went to charm school — you ask for the raise!"

Area Cotton Pulling Remains at \$1.75 Rate

Average rate of pay for cotton pulling labor in the Hamlin territory being paid by farmers continues at \$1.75 per 100 pounds, according to the wage findings of a survey made in Jones County effective November 12 by the district office of the Texas Employment Commission at Abilene.

The report, issued by Ed McDonald, regional director out of Dallas, is made in order to keep farmers of the area informed of the prevailing wage scale, the TEC district office declares in a release to The Herald.

DePriest Students Direct American Education Week

Last week the eleventh and twelfth grades students were in charge of activities around DePriest Colored School as the entire school observed American Education Week.

Monday, Hester J. Doty talked on opportunities received from assembly programs. She pointed out that children learn public speaking, stage decorum and stage ethics. Thomas Fry spoke on school clubs. He stressed the fact that club members have common interests, and club activities create learning situations that cannot be found in the classroom. Etta Jean Martin talked about sports in our public schools. She gave the 10 codes of good citizenship. She also pointed out that what may be a sport to one person may be hard work to another. Juanita Douglas gave her interpretation of the Student Council's work. She pointed out that a sense of belonging helps one to be happy.

Tuesday, Rev. J. L. Johnson spoke on "What Is a Teacher?" He pointed out that a teacher is a leader of people, even though some people do not prefer to be led; this does not destroy the fact that the teacher is a leader. Wednesday, Superintendent of Schools C. F. Cook discussed "World Affairs Are Everybody's Affairs and How We Can Help to Solve Them." Essence of Mr. Cook's speech was to learn to discipline ourselves. It is only through complete discipline that we can get ourselves into an atmosphere that is most conducive to learning. There are no color barriers where jobs are concerned if we are prepared.

On Thursday, Mrs. Joyce Covington and Mrs. Adelle Thompson, parents, Lillie Titus, student, and Mrs. Oda Mosley, teacher, discussed "Our Responsibilities to Education." The parents pointed out that through cooperation of student, teacher and parent, education would have a brighter future. That education gives one security.

Friday, John E. Turner addressed the student body. He said the school should not exist as an isolated island but it should be a definite part of the community.

We, your reporters, feel that the activities around DePriest during American Education Week were helpful to the entire community. Many of our parents were present—George Ray Austin and Lorenza Shelton.

MODERN LIVING.

Two cows were grazing along the highway when a tank truck of milk rumbled by. On the side of the vehicle was printed: "Pasteurized, homogenized, standardized, with vitamin A added."

One cow turned to the other and said: "Makes you feel sort of inadequate, doesn't it?"

How to liven up potato salad

Just mix it with Miracle Sandwich Spread! Kraft makes this tasty spread by adding special relishes to a creamy, zesty dressing. Great on head lettuce, too. Try it!

Miracle Sandwich Spread

Area World War I Veterans Attend Meeting at Rotan

Several World War I veterans of the Hamlin territory were among attendants at the fall convention of District 17, Veterans of World War I, which met Sunday at the Rotan High School auditorium.

Hugh V. Huckaby of Rotan, district commander and also post commander of the Fisher County barracks, which played host to the meeting, presided during the morning program. Several state and district officials were present.

R. Q. Evans of Baird, state commander of the World War I Veterans, spoke in the afternoon.

Other state officers attending the convention included John James of Fort Worth, senior vice commander; J. F. Bobeen of Hamlin, junior vice commander; George P. Bradbury of Houston, quartermaster.

Mrs. Icie Shoop of Corpus Christi, state auxiliary president, presided during the auxiliary business session. Other officials attending were Mrs. Pearl Anderson of Abilene, district president; Mrs. Alma Lee of Sweetwater, junior vice president; Mrs. J. F. Bobeen of Hamlin, chief of staff; and Mrs. Mae Curry of Rotan, department historian.

See Your Home Town Paper for your office supplies.

Freight Carloadings For Santa Fe Climb

Freight carloadings for the Santa Fe Railway System for the week ending October 31, 1959, were 29,470 compared with 29,212 for the same week a year ago, reflecting a slight increase. Cars received from connections totaled 11,853 compared with 12,225 for the same week a year ago.

Total cars moved were 41,323 compared with 41,437 for the same week a year ago. Santa Fe handled a total of 41,204 cars in the preceding week this year.

Winn Store Employee Wins in State Contest

For the fifth year in a row clerks at Winn's Store in Hamlin have shared in prizes awarded in a chain-wide light bulb sales contest, announces Ed Croan, local manager.

Mrs. Helen Garrett won an automatic electric toaster as fourth place saleslady out of the 55 stores in the Winn chain. Mrs. Letha Irvine was runner-up in the store and won three pairs of nylon hose.

Your present car will last a lifetime—if you're careless enough.

A TOUCHING SCENE.
John approached Ted and asked if he could borrow ten dollars until pay day.
"Sure," said Ted, and handed over the money.
As John walked away, Ted remarked, "Remember that's only until pay day."
"You'll get your money!" John screamed. "Stop rounding me!"

"IT'S CERTAINLY THE MOST BEAUTIFUL CAR OF ITS SIZE!"

"AND IT'S THE EASIEST CAR IN THE WORLD TO OWN!"

FALCON, the New-size Ford, delivers the value and cuts the budget!

Handling that's really a breeze. The all-new, new-size Falcon parks on a dime... turns on one, too! You'll be able to steer with power steering ease... without power steering. You'll be able to stop as though you had power brakes... without power brakes.

Room for six—and all their luggage. No doing without in the Falcon! There's hip, shoulder, knee, and head room galore! Both two- and four-door models are a cinch to enter. Then, thanks to the Falcon's front-mounted engine, there's luggage space aplenty for everyone.

Up to 30 MPG on regular gas, too. And the Falcon actually crossed the country without any oil added. Speaking of thrift, the Falcon's finish never needs wax. Its aluminum muffler normally lasts up to twice as long.

Sweet performance from Ford's most modern Six. A full 90 hp. You'll have to feel the pickup and responsive power to believe it! And each Falcon Six is electronically balanced, while running under its own power, for top smoothness.

New luxury interiors. Upholsteries are truly quality-made... materials you'd expect to find in cars costing twice the money. Seats are chair high. The front seat cushion is foam padded. And the Falcon rides smooth as silk... corners on rails.

Proved over 3,000,000 miles. To top off 3 years of testing, a fleet of the new-size Falcons has just been proved over every mile of numbered Federal highway. It's without a doubt, the world's most experienced new car.

Friends Sunday School Class of First Baptist Church in Thanksgiving Feast

Mmes. Johnie Agnew, Bill Maynard, Watts Fletcher and L. B. Maberry were hostesses to 13 members and one guest when the Friends Sunday School Class of the First Baptist Church met at the church Thursday for the annual covered dish Thanksgiving dinner.

An arrangement of fruit from a horn of plenty was the centerpiece decorating the banquet table. A menu of chicken, dressing, green beans, salad, stuffed celery, olives, pickles, hot rolls, pumpkin chifon pie and coffee was served to Mmes. Clyde Grice, Ernest Lee, Bill Maynard, Noel Weaver, I. D. Miller, Tom Nall, Everett Gibson, Bonnie Bingham, Johnie Agnew, A. Spencer, J. J. Crawford, Jack Wright, L. B. Maberry and Erma Hall of Abilene.

Mrs. Clyde Grice gave an interesting paper on the class history. Mrs. Tom Nall gave facts on "Things We Are Thankful for."

Plans were made by the class

to have a Thanksgiving basket delivered to a family.

Mrs. Johnie Agnew dismissed the meeting with prayer.

Mrs. Charles Turner, Recent Bride, Feted At Gift Tea Monday

Mrs. Charles F. Turner, nee Martha Gage, was honored at a gift tea Monday evening from 7:00 till 9:00 o'clock in the home of Mrs. E. A. Preston. Co-hostesses were Buna Rountree, Rebecca Ferguson and Cynthia Patterson and Mmes. Sam Terrell, W. H. Hallmark, Pat Mehaffey, W. A. Gann, Tommy Maberry, Jackie Fletcher, Charlie Abbott, Bonnie Binnicker, L. V. Miller, Pauline Brannon, DeWayne Stevens, Fred Jay, Charles Newland and R. D. Spaulding.

Receiving the guests with Mrs. Preston were the honoree; Mrs. L. B. Gage, mother of the bride; and Mrs. T. P. Turner, mother of the bridegroom.

The tea table centerpiece was of yellow and white pom-pom chrysanthemums. Lighted tapers completed the arrangement.

The hostesses' gift to the honoree was an eight-piece place setting of melomac dishes.

Misses Ferguson and Patterson ladled punch.

THESE WOMEN!

By d'Alessio

"I'm sorry, boss, I CAN'T let you go on with this ridiculous letter! It's just not YOU!"

Eggs, Mainstay of American Breakfast, Provide Cheap, Ready Protein Source

In many consumer studies it was found that people frequently purchased and used eggs "because we like them." This points up the wide acceptance of an egg's flavor, its versatility and ease of cooking, says F. Z. Beamblossom, extension poultry marketing specialist.

The egg, breakfast "mainstay," is also widely used as a hearty luncheon dish, for sandwich fillings, and in combination with other foods for satisfying dinners.

One of nature's most nearly perfect foods, eggs combine their heavy concentration of high quality protein with relatively few calories, and complete digestibility, and are accepted as an important requirement from infancy through the "golden age" group. Two eggs supply as much as 30 per cent of the high quality protein needed daily by adult men or women. In fact, notes Beamblossom, egg protein comes so near to perfection that scientists use it as a standard to measure the value of protein in other foods. Eggs also contain substantial amounts of essential minerals and vitamins, including the anti-anemia vitamin, B-12.

Basic egg cookery is something a youngster can master, it is so easy and uncomplicated. For the experienced cook, this means

Thanksgiving Supper Enjoyed Tuesday by Good Neighbor Club

An early Thanksgiving supper was enjoyed by members of the Good Neighbor Home Demonstration Club and their families Tuesday evening, November 10, at the oil mill guest house in Northeast Hamlin.

The menu consisted of chicken and dressing with all the trimmings, minus cranberries, as members of the club are not as brave as Vice President and Mrs. Nixon. Home Demonstration Club women are recognized as leaders in studying foods and nutrition, and if there is a doubt about any food being dangerous to their health, they would be the first to ban it.

After feasting from the beautifully decorated table, some lively games of forty-two were played, while others just visited.

Those present for the affair were Mr. and Mrs. J. E. McCoy, Kay and Larry, Mr. and Mrs. Dale Lain and Gill, Mr. and Mrs. Noel Weaver, Mr. and Mrs. L. R. Faulkenberry, Mr. and Mrs. Jesse Stanford, Charles, Zane, Sandra, Carla and Carolyn, Mr. and Mrs. James Brown, Mike and Debbie, Mr. and Mrs. Ester Hastings, Helen Kay and Velta, Mr. and Mrs. Elmer Joiner, Mr. and Mrs. Jack Kelly, Cindy, Dixie and Janet, Mrs. Buck Joiner, Charles and Jerry.

Home Accidents Take Big Annual Toll, Records Show

Be it ever so humble, there's no place like home—despite the accident statistics.

The statistics might make you wonder about "home, sweet home."

1. Home accidents kill more children one to four years of age than any disease.

2. Home falls take 12,000 lives a year.

3. Home fires and other burns take the lives of 5,500 persons annually.

4. Accidental poisoning in the home claims 1,000 victims a year. Home accidents, reports the Texas Safety Association and National Safety Council, kill 27,000 persons a year and injure more than 4,000,000 in the United States. Home accidents in Texas alone claimed the lives of 1,202 persons and injured more than 72,000.

"In view of these facts," J. O. Musick, general manager of the Texas Safety Association, said, "you may well be concerned with the safety of your home."

"But when you stop and consider the great number of hours spent in the home, the statistics are more understandable even if the danger is just as real."

A hazard-free home, Musick said, results from practicing the safe way of doing things. "You'll soon do them automatically," he predicted, and suggested some danger signals to watch out for in the home:

1. Water or grease on the kitchen floor.
2. An unlighted stair, or toys and boxes piled on stair steps.
3. Oily rags or papers left in a corner or garage or basement.
4. Dull knives, which are dangerous because they force the user to apply too much pressure, and because most people don't have the proper respect for them.
5. Pots on the stove, the handles turned out for little hands to grab.
6. Rubbing alcohol, candy-coated laxatives and aspirin left for small children to sample.

Fifty-Two Study Club Slates Friday Session

A program on "Mental Health" will be presented when the Fifty-Two Study Club meets at Harden Memorial Library Friday afternoon at 3:00 o'clock.

The program will be presented under the direction of Mrs. Dale Lain and Mrs. F. E. Bayouth.

An executive meeting will be held in the library immediately preceding the program, beginning at 2:15, it is announced.

Members are urged to remember to bring gifts for the mental patients for the club's Thanksgiving project.

IT WORKED.

A new clerk was wanted at a store. After talking with him a few minutes, the manager asked, "Son, do you know the motto of this firm?"

"Sure! It's push," he replied promptly.

"Where in the world did you get that idea?" the manager then asked.

"I saw it on the door as I came in."

He got the job!

BETROTHED—Engagement and approaching marriage of Laveta French (above) to Robert James of Snyder is being announced this week by her parents, Mr. and Mrs. A. B. French of Hamlin. A December wedding date has been set.

Laveta French and Snyder Man to Wed

Mr. and Mrs. Andy Baum French of Hamlin are announcing the engagement and approaching marriage of their daughter, Laveta Mae, to Robert James, son of Mr. and Mrs. Malcolm James of Snyder.

The wedding is planned for December 22 in the First Methodist Church at Hamlin. The pastor, Rev. Edmund W. Robb, will officiate.

The bride-elect is teaching at Mineral Wells. She is a graduate of Hamlin High School and McMurry College at Abilene.

W. E. Dunnams Slate Golden Anniversary

The sons and daughters of Mr. and Mrs. W. E. Dunnams are having a reception for their golden wedding anniversary at the Neinda community center, six miles south of Hamlin, Sunday afternoon from 2:00 until 5:00 o'clock.

Friends of the pioneer people of the community are invited to attend the reception and greet the couple as their recall 50 years of marriage, declare the relatives hosting the affair.

Friendship Club Has Demonstration Meet

A demonstration was the feature of the day when members of the Friendship Home Demonstration Club met Friday afternoon for the regular monthly meeting at the oil mill guest house.

A demonstration on the art of making birds out of net and construction paper was presented. Plans for the annual Christmas supper for members and their families were made at the session.

Next meeting of the group will be on Friday, November 27.

TO VISIT DAUGHTERS.

Mrs. Bertie Wright is leaving this week for Archer City and Houston to visit her daughters, Mrs. W. W. Dorris and Mrs. Ruby Sahls, and families for three months.

MOVES TO TOWN.

Mrs. Donnie M. Sanderlin, formerly Mrs. S. C. Adair, now resides at 50 Northwest Avenue G, in Hamlin.

The Herald has carbon paper.

Dr. James E. Harrison Speaks to B&PW Club On Dental Health

Dr. James E. Harrison, Hamlin dentist, was guest speaker at the program and dinner meeting of the Hamlin Business and Professional Women's Club Tuesday evening at the Primary School cafeteria.

Topic of the speaker was "Dental Health." He was introduced by Mrs. Etta Bond of the health and safety committee. Other members of the committee were Mrs. Ed Bailey, Mrs. James Harrison and Mrs. Florence Cowan.

Guests at the meeting were Mrs. Nellie Pearcey and Mrs. Lillian Hurt, both of Anson. Mrs. Max Murrell and Mrs. D. C. Andrews were guests of the club and represented the Hamlin chapter of Beta Theta of Beta Sigma Phi.

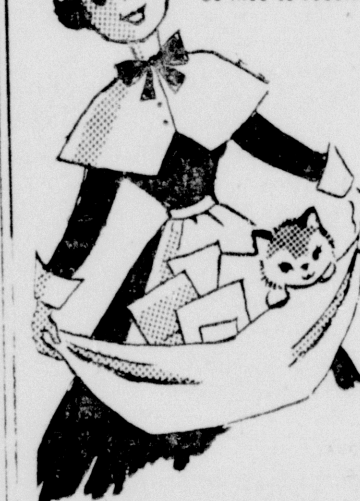

Mrs. John V. Howard Jr. presented the guests, and Mrs. Willard Jones brought the invocation before the Thanksgiving dinner of turkey and the trimmings were served.

The Thanksgiving theme in decorations and appointments was carried out to emphasize the thought of the season.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin.—Sometimes the law enforcement officer has the feeling of being alone.

This statement was made by Abilene Police Chief Warren Dodson at the Texas Law Enforcement Foundation's banquet in Austin. It pinpoints one of the reasons for TLEF's existence—to effect a better partnership between the public and the law enforcement agencies.

Public sympathy, it seems, is inclined to go out to the criminal, putting him in the role of "underdog," the hapless victim of hard-hearted policemen and prosecuting attorneys.

"Texas Legislature has a poor record for crime fighting," Governor Price Daniel charged at the meeting.

"Of 27 law enforcement bills proposed last session, only three were passed—and these were partially crippled."

Governor Daniel warned that crime is increasing three times as fast as the population, and it is the state's most serious social problem. During the first six months of this year, lawlessness flourished at the rate of three murders, three rapes and 125 burglaries each day.

TLEF is a privately financed organization of outstanding citizens from over the state.

All the Way for LBJ.—Governor Daniel announced he will support Senator Lyndon B. Johnson, not only for the presidential nomination, but for chairman of the Texas delegation to the Los Angeles national convention.

Senator Johnson and former Governor Allan Shivers fell out over who should be state delegation chairman in 1956. Johnson won.

Daniel says he wants Johnson to be chairman, but that he (Daniel) will take an active role in working for the senator both here and in other states.

Save the Seed.—State Board of Education has gone on record as being unanimously opposed to spending anything but the income from the \$400,000,000 permanent school fund.

Fund has been built up over 17 years, principally through sales of mineral rights on the school lands. It has been invested in government and municipal bonds which have an income of about \$12,500,000 per year.

This investment income is used for school operating expenses. It is dipping into the principal—the \$400,000,000—that the board now opposes.

Board resolution compared the school trust fund to seed corn which "our forefathers saved to plant instead of grinding it for use as food."

There has been some talk of tapping the permanent fund to meet current demands for teacher pay raises.

Board of Education approved the holding of a county-wide election to see if Cooke County residents would be willing to support a junior college at Gainesville.

A study of the feasibility of establishing a junior college in Midland also was approved.

Textbooks in seven subjects were adopted by the board, in-

cluding, for the first time, journalism books.

Rule Hits "Corporate Optometry." — Within the next few weeks Texas optometrists will vote on a proposed new rule prohibiting practice under any name except the name under which the optometrist is licensed.

Before polling the optometrists the Board of Examiners in Optometry got a ruling from Attorney General Will Wilson stating that the regulation would be legal and valid.

While the board is not bound by the results of the balloting, it was predicted that a favorable response would almost certainly result in adoption of the rule. This because there are hundreds of individuals engaged in optometry as compared with firms so engaged.

If adopted, the rule would prohibit practice "under an assumed name, corporate name, trade name or any name other than the name under which the optometrist is licensed."

This would mean the end of such firms as Texas State Optical and Lee Optical, where glasses are available at considerable savings to the general public.

Hospital Problems Studied.—State Hospital Board has underway studies aimed at three of its current problems.

One is to find a way, other than providing expensive mental hospital facilities, to care for some 2,700 patients whose only ailment at present is old age. Two plans are being considered. One is state assistance toward the cost of caring for the oldsters in private nursing homes. Other is providing for state nursing homes.

Under law, the state is not responsible for giving institutional care for the aged. But these patients were all admitted on court order as mental cases. Now they are too infirm to be "turned out."

Another problem under study is that of tuberculosis patients who go "AWOL" from TB hospitals before they are completely cured. Danger is not only that they will relapse but that they will infect healthy outsiders.

Third matter under study is the facilities needed for present and future care of mentally retarded children under school age.

Carr Appoints. — Named by Speaker Waggoner Carr to the Joint Educational Standards Commission were Representatives C. T. Matthews of Yoakum, Leon Thurman of Anson and Maurice S. Pipkin of Brownsville. Commission is to search for ways to cut school costs without sacrificing necessities.

Representatives Louis Anderson of Midland and C. W. Pearcey of Temple have been selected by Carr to serve on a committee to study the state fiscal system.

Four big city solons will serve on a committee to study the possibility of merging some functions of city and county government. They are Representatives Ray-

mond R. Russell of San Antonio, Warren C. Cowen of Fort Worth and Ben Atwell of Dallas County.

Court to Move.—Texas Supreme Court justices will sit at their new marble bench for the first time on December 3 rather than November 18, as previously announced. A special ceremony will be held December 3 in the new state courts building, with the justices formally attired in black robes for the occasion.

As far back as anybody can remember most children learned exactly as much at school as they were compelled to.

Savings Offered on Daily Subscriptions Clubbed with Herald

Folks of the Hamlin territory who want to save money on their reading for next year can effect a saving of \$1 by combining The Herald with their new or renewal subscription to dailies coming to this section.

Annual bargain rates of The Abilene Reporter-News and The Fort Worth Star-Telegram have been announced, and Your Home Town Paper is being combined with these and other papers for substantial savings.

The Abilene Reporter-News fall

bargain rate is \$13.75. Combined with The Herald the two papers are \$15.25—a saving of \$1 on the club.

The Fort Worth Star-Telegram bargain rate is \$15.75, and combined with The Herald both are \$17.25—a saving of \$1 on the club.

The Herald guarantees correct handling of your daily subscription. Bring your label from a current issue for correct renewal.

THIS IS RUMOR.

A female shopper is a woman who can hurry through a department store aisle 18 inches wide without brushing against the piled-up glassware, then drive home and knock the doors off a 12-foot garage.

THAT'S BETTER.

A class in English was assigned the task of writing four lines of dramatic poetry. The results were varied, and, selecting the verse of a bright boy, the teacher read:

"A boy was walking down the track; the train was coming fast; the boy stepped off the railroad track to let the train go past." This verse is very well down," commented the teacher, "but it lacks the dramatic. Try again, Johnny, and make it more dramatic."

Whereupon, in a short time, Johnny produced the following: "A boy was walking down the track; the train was coming fast; the train jumped off the railroad track to let the boy go past."

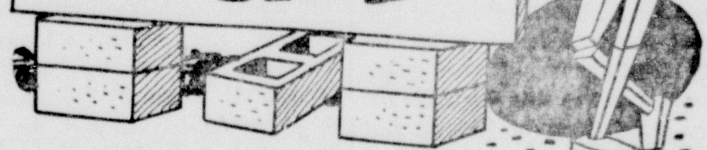

Stock Show Entries Largest in History

Largest number of entries and highest amount of premiums in the history of the Fort Worth show are expected for the 1960 Southwestern Exposition and Fat Stock Show, W. R. Watt, president and manager, has announced. Total premiums for the stock show and rodeo will be nearly \$200,000.

Dates of the exposition are January 25 through February 7.

A breakdown on the premium money includes open steers, \$4,264; breeding cattle, \$45,312; dairy cattle, \$5,090; sheep, \$6,003; and swine, \$8,407. Premiums in the junior show total \$13,110 and for the judging contests, \$2,500. Poultry, rabbits and pigeons will complete for \$2,800. Horse premiums total \$29,150 plus entry fees.

High School Piperette Cagers Looking to Eventful Season

Six Players Back From Last Year's Squad as Bolster

Hamlin High School's girls' basketball team squared away for their first game of the season Tuesday night of this week against the Merkel girls on the Merkel courts, and made a good showing, declares Coach Neil Laminack.

The squad this year has six players who lettered last year to make a fine nucleus around which a strong squad is expected to be built as the season progresses. Returning are Rebecca Ferguson, Ann Maberry, Janice Ueckert, Zoan Winegeart, Jeannette Jenkins and Charlene Berry.

Rebecca Ferguson and Ann Maberry are co-captains, and Janice Ueckert and Zoan Winegeart are alternate captains. Rebecca last year made the all-district team, and Janice received honorable mention for the mythical squad.

Others coming out for workouts so far are Suzanne Jenkins, Sandra Jayroe, Julie Daniels, Pat Blankinship, Arlene Waldon, Billie Blankinship and Mary Beth Hall.

Hamlin Hunter Bags Deer in 10 Minutes

Three Hamlin area deer hunters had returned from their nunts in Texas since the season opened Monday morning. Several others were out on jaunts and had not been heard from.

W. A. (Cowboy) Gann, Dean Witt and Homer Tudor returned Monday night after trying their skill near Thurber in Eastland County. Gann bagged a nice buck just 10 minutes after going out. The other two also took their guns along.

Hollis Madden, Holly Toler and B. O. Bell were in the Mason country on a hunt, but no word had come from them at press time for The Herald.

DISTRICT 6-AA STANDINGS

Final games in the District 6-AA football conference were reeled off last week-end in spite of freezing weather and skimpy crowds at the two tilts on the schedule. Stamford trimmed Seymour 48 to 18 after having won the district title the week before when the Bulldogs laced the Hamlin Pied Pipers. Hamlin downed the Anson Tigers 28 to 7 to complete the season with a single loss.

Standings for the season and in district play looked like this as the curtain on the season went down:

Teams	P.	W.	L.	T.	Pct.
Stamford	10	10	0	0	1.000
Hamlin	10	9	1	0	.900
Seymour	10	5	4	1	.550
Anson	10	1	9	0	.100
Haskell	10	1	9	0	.100

Results Last Week:
Stamford 48, Seymour 18.
Hamlin 28, Anson 7.

Stamford Downs Seymour 48 to 18 In Final Fracas

Stamford High School's Bulldogs, already made district champions the previous week by trimming the Hamlin gridders, put icing on their cake Friday night to trouncing the Seymour Panthers, last year's district winners, 48 to 18 on the Seymour griddle before a fair sized crowd of shivering fans.

Seymour brought first blood in the first quarter to be the first District 6-AA team to score on the Bulldogs this year. Kent Ryan, quarterback, passed to Halfback Billy Tom McCarty, who went 71 yards for a touchdown.

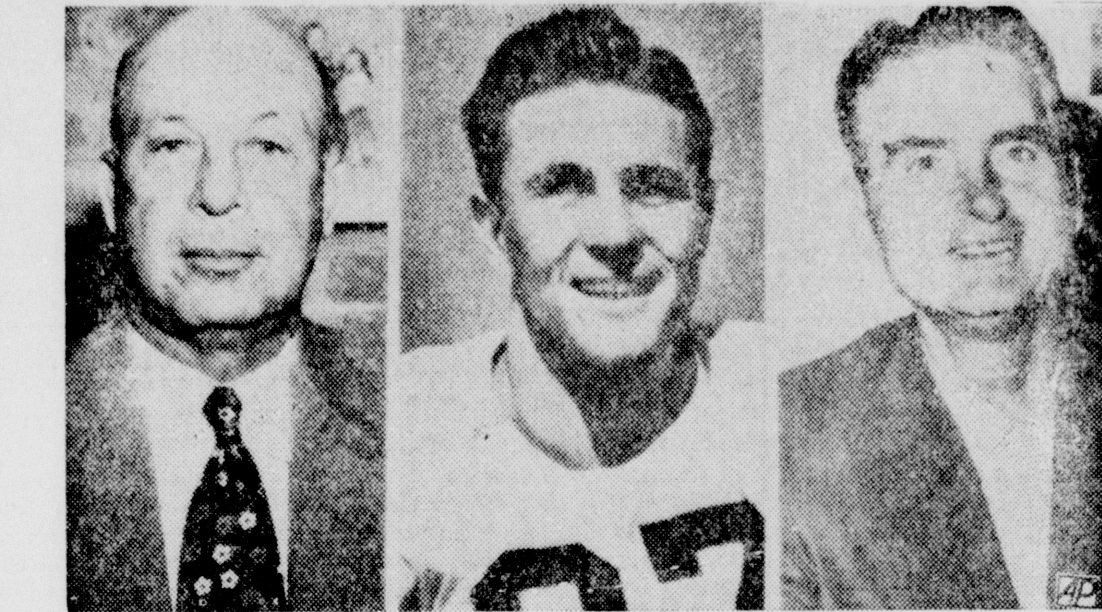

However, Stamford came back in the same period and tallied after recovering a Seymour fumble. Tom Lovvorn, quarterback, scored from the one-yard spot after a 42-yard drive. Tailback Charlie Helmer made the extra two points on a line plunge.

In the second period Stamford scored again when Helmer went over right tackle from the five-yard location after a 37-yard ground attack. Try for extra point failed.

The Bulldogs scored three times in the third period, Mark Hinson, Lovvorn and Helmer accounting for the touchdowns.

Seymour scored again in the third period when the Panthers intercepted a Stamford pass and went 77 yards for the tally. Again in the fourth quarter the Panthers scored when Billy Joe Carlock went over from the three-yard spot.

Stamford scored again twice in the fourth quarter. They took the ball on the Seymour 10-yard line, and Wayne Bates went over from the seven Duane Lindsey kicked the extra point. Stamford's final score came when the Bulldogs took the ball on the Seymour 20-yard line and Quarterback Bill (Cotton) Thompson passed to Wingback Ronnie Biggs for the 20 yards and the touchdown.

TO JOIN TEXAS SPORTS HALL OF FAME—These three sports personalities will be inducted into the Texas Sports Hall of Fame on December 31. They are (left to right): D. X. Bible, one of the all-time great coaches; Dock Walker, the Southwest Conference only three-time All-American; and Paul Richards, who won fame as a big league manager.

Three Boys' Teams at High School Training

Three boys' teams are being primed at Hamlin High School for the forthcoming basketball season, which should give fans of the area plenty of action during the coming weeks.

Neil Laminack will be coaching the A squad, besides his chores with the girls' squad. Ed Farmer is tutoring the B squad, and D. C. Andrews is handling coaching duties with the freshmen bunch.

Head Coach Laminack expressed the belief this week that all the cage crews would make good showings during the coming season.

Senior Class to Run Concession at Games

Members of the senior class at Hamlin High School are looking forward to sponsoring the concession stand at all home basketball games, now that the successful 1959 football season is over. Proceeds from the stand will go into the fund for the annual senior trip next spring.

Refreshments will be sold at the tournament that will be held in HHS gymnasium December 3, 4 and 5.

Members of the class ask The Herald to again express their gratitude to people of the community in their support of the class projects so far this year.

Money saved for a rainy day dissolves much faster than it used to do.

dogs took the ball on the Seymour 20-yard line and Quarterback Bill (Cotton) Thompson passed to Wingback Ronnie Biggs for the 20 yards and the touchdown.

Stamford racked up 28 first downs by making 400 yards on the ground and 98 yards in completing four of 11 passes. Seymour counted 10 first downs by making 75 yards rushing and 169 yards in completing four of 10 aerials. Stamford lost the ball three times on fumbles and Seymour lost the oval five times.

Darkness Is Major Danger in Traffic Accident Control

J. O. Musick, general manager of the Texas Safety Association, said this week that "darkness" is one of the major traffic dangers faced by pedestrians and motorists alike.

"With the approach of shortening fall days, it is doubly important that we adjust our walking and driving habits," Musick said.

"When driving at night a motorist can't see an object until it comes within range of his headlights. It's obvious that if he is driving at a speed that won't permit him to stop within the range of his headlights he will hit whatever is in his path.

"However lowered speed is not the whole solution," Musick added. "To see danger quickly and act immediately to avoid it, the driver must be aware there is always the possibility that danger lurks in the shadows ahead."

Musick pointed out that the pedestrian is similarly handicapped at night. But the pedestrian has the advantage of being able to see a vehicle's headlights long before the motorist can see him, so the prime responsibility for his safety rests with himself.

The safety expert advised pedestrians to wear something made of white or reflectorized material when walking at night. Carrying a flashlight, or even a newspaper, will help drivers spot him sooner.

Hamlin High to Host Cage Tournament for Boy and Girl Teams

Hamlin High School will play host to boys' and girls' basketball teams of the immediate area in the first tournament of the new season on Thursday, Friday and Saturday, December 3, 4 and 5, in the beautiful new HHS gymnasium.

Girls' teams from Roby Albany, Wylie, Haskell, Avoca, Aspermont and Rotan will participate along with the Piperettes in the tournament.

Boys' teams from Haskell, Albany, Avoca, Rotan, Roby, Merkel and Aspermont will participate in the boys' division along with the Pied Pipers.

Complete schedule of games for the tournament will be carried in next week's Herald.

NOT IN THE CONTRACT.

A farmer's barn had burned down, and the agent from the insurance company arrived to discuss the claim. Explaining the policy that covered the structure, he told the farmer that his firm would build another barn of similar size instead of paying the claim in cash. The farmer was furious.

"If that's the way your company does business," he exploded, "you can just cancel the insurance policy on my wife."

Get plenty of rest before you drive. Rest to drive your best.

Pied Pipers Wrap Up Football Season With 28 to 7 Victory Over Anson Tigers

Pied Pipers of Hamlin wrapped up the best football season in several years Friday night with a resounding 28 to 7 victory over the Anson Tigers on the Hamlin griddle. The victory gave the Pipers a season record of nine wins and one loss.

But the game didn't look too rosy for the Hamlin crew at the middle, when the score was 7 to 6 in favor of the Tigers at the half. But the Pipers took to the air and tallied twice in the third quarter and again in the fourth quarter while holding the visitors out in front of their goal line.

After a scoreless first period, the Pipers scored first in the second period when Right Halfback Ken Prewitt took a hand-off from Quarterback Mike Bond and went 25 yards around his right end for the touchdown. A run attempt for extra points was blocked by Anson.

With only 45 seconds left in the half, Anson scored as David Probst passed 15 yards to Larry Cox for a marker. Probst then kicked the extra point to put the county seaters in the lead.

Six minutes deep in the third period Bond passed to Tobe Shields for a touchdown play good for 70 yards. Fullback Frankie Lee ran over the extra points.

Bond again passed to Shields for 46 yards and pay dirt with one minute to spare in the third period. Lee again ran over two points to give the Pied Pipers a safe 22 to 7 lead.

Final Hamlin touchdown was on an eight-yard pass from Stanley Austin to Prewitt. Another ground attempt for two extra points was stopped by the Anson forward wall.

Hamlin made 17 first downs on

The average person will listen to and heed good advice only when he's frightened.

He travels fastest who has the ability to fold road maps.

IF YOU ARE THE PROUD OWNER OF A 4 EYED, 2 HORNED, PINK & PURPLE ETHYL EATER, WHEN YOU CAN OWN A STUDEBAKER-LARK AT 30 MPG-SEE BUITE-STAMFORD.

177 yards on the ground and 116 yards in completin gtwo of seven pass throws. Anson racked up 12 first downs with 148 yards gained rushing and 31 yards in the air in completing two of eight aerials. Hamlin lost two fumbles and Anson dropped three bobbles to the Pied Pipers.

The final tilt was played in freezing weather, which cut the attendance to the smallest number of the season.

NOTICE TO BIDDERS

Sealed proposals addressed to the City of Hamlin, Texas, will be received at the City Hall for the furnishing and erecting on 1,000,000-gallon steel ground storage tank until 7:30 p. m., December 8, 1959, at which time the proposals will be publicly opened and read aloud. Any bid received after closing time will be returned unopened.

Plans, specifications and other contract documents are on file for examination at the City Hall and may be obtained without charge from Feese, Nichols & Endress, Consulting Engineers, 407 Danciger Building, Fort Worth, Texas.

A cashier's check, certified check or acceptable bidder's bond payable to the City of Hamlin, Texas, in an amount of not less than five (5%) per cent of the bid submitted must accompany each bid as a guarantee that, if awarded the contract, the bidder will, within ten (10) days of award of contract, enter into a contract and execute a bond on the forms provided in the contract documents.

Attention is called to the fact that not less than the prevailing wage rates as established by the City of Hamlin, Texas, and as hereinbefore described and which are made a part thereof, must be paid on this project.

In case of ambiguity or lack of clearness in stating proposal prices, the City of Hamlin, Texas, reserves the right to adopt the most advantageous construction thereof, or to reject any or all bids, and waive formalities. No bid may be withdrawn within 30 days after date on which bids are opened.—City of Hamlin, Texas. L. H. McBride, Mayor. 4-30

Egg Producers . . . Do Not Pass Up This Unusual Opportunity

HOW TO BE ABSOLUTELY SURE OF

Income Equal to 10% More Eggs!

for the First 30 Days after Switching to Nutrena!

Run this 30-day Performance Test with Your Own Flock!

Here's our cash-on-the-line offer: Switch from whatever ration you're presently feeding to any Nutrena egg feed. If you do not get at least 10% more eggs during the first 30 days on Nutrena than you got during the previous 30 days, Nutrena will pay you the difference in cash!

For example, let's assume you got 500 dozen eggs from your flock last month. You must either get 550 dozen eggs in the next 30 days or Nutrena will pay you the difference between your actual production and 550 dozen eggs at the current market price.

No one, not even Nutrena, can guarantee that you will get 10% more eggs under all circumstances. But by signing up for Nutrena's 30-day performance test, you're absolutely sure of either 10% more eggs or the equivalent income in cash.

There are no catches, no strings, no unreasonable conditions. If your flock is not obviously diseased or molting, this performance test is offered to you in all good faith when you switch to Nutrena from any other brand of egg feed.

So don't miss out on this unusual opportunity. You must sign up and start Nutrena's 30-day performance test before December 31. Don't wait. See us for the details today. Start now enjoying the benefits of a Nutrena egg feed program.

HAS NEW IDEAS.

Student (in hotel dining room) One of my professors makes a claim that what we eat we "own."

Bride (seizing the menu)—"In case let's order something."

The most important mistakes to correct are those you feel you can get away with, especially on the highway.

Humility is the stepping stone to a higher recognition of deity.—Mary Baker Eddy.

LIKELY END

Two cowpokes at a bar were discussing a deceased friend.

"How did old Bill die?" asked the first.

"He fell through a scaffolding."

"What was he doin' up there?"

"Cittin' hury."

STILL NOT DECIDED.

The battered motorist slowly came to. "Where am I?" he asked.

"Take it easy, sir," said the nurse. "You're in 114."

Still doubtful, the motorist asked, "Room or cell?"

There are some who are of the steadfast opinion that a poodle haircut doesn't even look good on a poodle.

If opportunity passes you by, hurry your step and meet it at the next corner.

REGULAR CUT-UP.

"What's wrong?" cried the wife when her husband bellowed from the bathroom.

"My razor—it won't cut."

"Don't be silly," she responded, "your beard can't be tougher than the linoleum."

It has been said that the pen is mightier than the sword, but is the typewriter mightier than the H-bomb?

Don't boast of your driving ability until you have successfully refolded a road map.

PROBABLY FOR EGO.

The husband exclaimed, "Darling, I brought home some things for the person I love best. I bet you can't guess what they are."

And the wife sourly replied, "Razor blades, chewing tobacco and a bottle of liquor."
